Happy Birthday

Celebrating **16** *years of*
enriching education

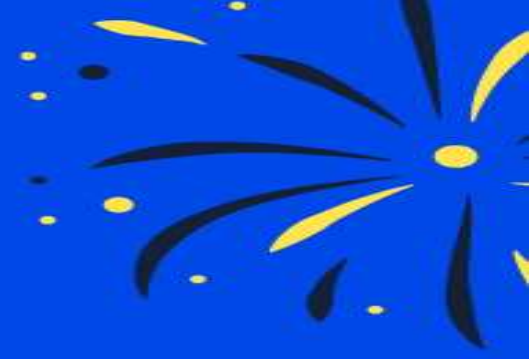

Enriching learning with happy schooling is the focus of our BOLTTON SCHOOL. Optimal evolution of the young minds is our commitment to the holistically vibrant learning journey, where we groom children to empower themselves in values & skills essential for all round success in life..

Wishing all of you a year of bright learning experiences.

Hony. Secretary.

Mr. Sri Harsha Shashank

Greetings to you dear Parents,

Welcome to the new academic year. Turning a new page with ample range of novel experiences is the ride of learning & growth set along the road to enrichment at school.

Skilling is the buzzword of the revised phase of education as per NEP 2020 by which experiential learning with less on content & more on hands is the new approach.

Our newsletter shows you glimpses of academic, cultural, literary, sports, social exposures & various other events of personality development that happen at school.

All-round success, interlaced with strong thinking power to rise tall as self confident individuals is the core of all our efforts.

Yours sincerely
Subhashini Rao 🙏
Principal
